Matriculation

High School in Cape Town (Graduated with 5 Distinctions) in:

- Mathematics
- Physical Science
- Geography
- Life Science
- Life Orientation

Education

Currently a student at the University of Cape Town pursuing a degree in Bachelor of Engineering in Electrical Engineering.

Work Experience

Tutor

Self-employed (2023 - Present)

- Tutor Grade 11 and 12 students in Physics, Mathematics, and Geography
- Assist learners in understanding complex concepts, boosting their academic performance

Skills

- **Programming Languages:** Python (Intermediate), Java (Beginner)
- Leadership and teamwork abilities
- Interpersonal skills
- Problem-solving and analytical skills
- Ability to work under pressure and meet deadlines

Professional Summary

Motivated and detail-oriented Electrical Engineering student at the University of Cape Town, with a strong foundation in mathematics, computer science, and problem-solving. Skilled in programming languages such as Python, Java, and MATLAB, with a passion for technological advancements and innovation. My academic background, coupled with hands-on experience through practical training and leadership roles, has equipped me with a comprehensive understanding of electrical systems, circuit design, and software development. Aiming to contribute to impactful projects and expand my knowledge through job shadowing and internships in the electrical engineering and technology sectors. I am eager to leverage my skills and passion to solve real-world challenges and drive future innovations.
